REPORT OF COMPTROLLER FOR FISCAL YEAR ENDING JUNE 30, 1933

*Honorable David Sholtz,
Governor, State of Florida,
Capitol Building,
Tallahassee, Florida.*

Dear Sir:

I am handing to you herewith the Annual Report of the Comptroller's office for the fiscal year ending June 30, 1933, together with a letter of submission from C. F. Greene, General Auditor of the Comptroller's Office, who has prepared this report.

I am particularly glad to point to the fact that, notwithstanding the failure of the ad valorem tax to produce the necessary and anticipated revenues for the maintainance of certain State Institutions, we have been able to carry on since January 1, 1933, without the usual transfer of large sums of money from other departments of Government to the General Revenue Fund.

Respectfully submitted,

J. M. Lee
Comptroller.

GENERAL AUDITOR'S REPORT TO COMPTROLLER

Hon. J. M. Lee, Comptroller,

The Capitol,

Tallahassee, Florida.

Dear Sir:

I submit to you herewith the Annual Report covering the State's financial transactions for the fiscal year ending June 30, 1933.

Your attention is respectfully directed to the charts and the accompanying analyses which graphically portray the receipts and disbursements by source and funds.

Your attention is more particularly directed to chart number six depicting the total expenditures for the year. The total net disbursements for the fiscal year ended June 30, 1933 amounted to \$30,968,516.49 of which amount the sum of \$12,531,522.34 or 40.47 per cent of the total disbursements represents *direct aid to counties*. The cost of General Government, including both constitutional and statutory, amounted to \$2,861,541.88 or 9.24 per cent of the total disbursements and includes the cost of collecting revenue from all sources and further includes the costs of maintaining the Supreme Court, the Judiciary, State Attorneys, Court Reporters, Jurors and Witnesses, as well as the cost of administering all state departments with the exception of the State Road Department which the law provides shall be otherwise administered.

The Legislative estimate (1931) of the amount to be received by the General Revenue Fund was \$8,416,000.00. The actual yield to the General Revenue Fund based on such estimate was \$4,810,382.78, making a difference between the estimated and actual receipts of \$3,605,617.22, an actual collection of fifty-seven per cent of the estimated receipts to the General Revenue Fund during the fiscal year.

By reason of the loss in anticipated revenue it was found necessary to transfer to the General Revenue Fund the sum of \$633,922.67 of which sum the amount of \$35.41 represents transfers made during the last six months of the fiscal year.

On account of the failure of the ad valorem taxes levied for certain State Institutions and Departments to provide sufficient revenue to meet the expenses it was necessary for the General Revenue Fund to assume part of the necessary expenses of these institutions and departments.

The Comptroller's balance with the State Treasurer as of July 1st, 1932, was \$3,653,854.13. The balance as of June 30, 1933, at the end of the fiscal year was \$1,785,839.01, a net decrease of \$1,868,015.12 for the period.

In addition to the net decrease in the Comptroller's balance, there were accumulated unpaid bills of the various state institutions in the amount of \$163,832.67 on June 30, 1933, for the payment of which no funds were available at the time.

Respectfully submitted,

C. F. GREENE,

General Auditor.
